Message from the 2021 Human Services Commission Chair

Greetings!

As Chair of the St. Joseph County Human Services Commission, I want to thank all the task force and workgroup members for their work and commitment to St Joseph County.

Our task forces and workgroups strive to enhance and fill gaps in human services within our community, making our community stronger.

This year's annual report highlights their accomplishments during 2021. We have continued to take great strides this year as we grow SJC Resources Google group. The task forces have also been instrumental in keeping the Resource Guide updated. Both are products of the St. Joseph County Human Services Commissions' workgroups and task forces.

Please join us as we celebrate our progress and move into 2022!

Kathy Olsen, Michigan Works! SW

Mission & Vision

The **MISSION** of the SJC HSC is to "coordinate and leverage collaborative efforts to improve the quality of life for all citizens."

Our **VISION** is to facilitate "seamless and efficient access to services that support individual, family, and community needs."

The Purpose of the HSC

The St. Joseph County Human Services Commission (HSC) was established by the St. Joseph County Commission in 1995 as the single multi-purpose collaborative for St. Joseph County. Their resolution authorized SJC Human Services Commission to:

- Forge alliances
- Create a shared vision
- Mobilize resources for services to families whose needs are being met by multiple agencies

Currently HSC is comprised of 18 member agencies working together to coordinate health and human services across systems. HSC fosters collaboration and relationships among agencies to prevent duplication of services and provide better service to our citizens.

The HSC does this work through established task forces and workgroups.

To learn more about the work of the HSC, contact Collaborative Coordinator Laura Brott, at 269-625-1820 or BrottL@michigan.gov.

“Connection” Tools at your Fingertips

“Our agency appreciates all the resource tools and services the HSC provides for our county. We use them virtually every day.” - SJC Resources Google Group member

With over 537 frontline workers across the county in this email chain, the **SJC Resources Google group** continues to meet non-traditional needs countywide.

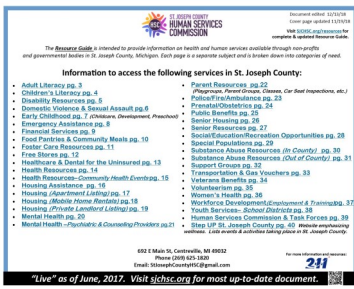

“Needs are met quickly without the hindrance of paperwork!”
-SJC Housing Task Force member

Due to COVID transmission risks and low vaccination rate, in lieu of a large in-person Community Resource Roundtable, **Virtual Lunch and Learns** provided front line workers opportunities to learn about services other agencies are providing and the faces that provide these services. Based on convenience, we will continue this format but also bring back the in-person Community Resource Roundtable to provide a snapshot of the services available in our county while networking with those that provide them. In 2021, 80 front line workers attended the Virtual Lunch and Learn about helping persons experiencing homeless or nearly homeless access services and 50 attended another event introducing the Meet the Need platform.

St Joseph County Human Services Commission is on Facebook! This is one more avenue to connect to the public and push information out about the many events and resources in St. Joseph County. The page has **1,297 page followers** and helps push changing service information out to the public.

St Joseph County’s comprehensive **Resource Guide** is located on the HSC website. This is a live document regularly updated with current services. Popular pages include food resources, free store hours, and parent resources.

“I sure appreciate this county’s grassroots effort to collect information about the services available and share the information with frontline workers and the public”
- SJC Resources Google Group member

The HSC calendar of supportive events and services includes community events, food pantry and free store hours, support & recovery groups, and much more. Users can add events directly to their calendars from the site.

“I am on this calendar ALL the time. Thank you!!”
- SJC Task Force on Family Violence member

The HSC website was accessed by over 2,700 users in 2021.

Add the HSC website onto your mobile phone home screen or add as a favorite on your desktop!

The **SJC Resources Google Email Group** was originally created among the task forces and workgroups in November 2016. It has grown to 537 caring individuals and professionals working on the front lines in St. Joseph County across many human services agencies, groups, and faith based organizations. The group email service is used to share agency updates, upcoming events, and request help finding a service or meeting a need.*

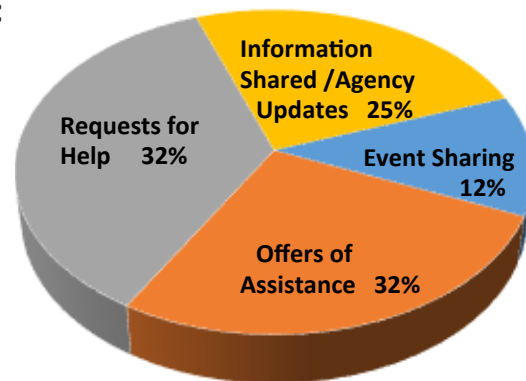

478 total Google Group posts during 2021:

Offers of Assistance 153 posts

Requests for Help 151

Information Shared & Agency Updates 119

Event Sharing Posts 55

* In 2021, within the Google group there were:

- 76 requests and offers for household goods
- 50 requests and offers for clothing
- 142 requests and offers for miscellaneous items (medical equipment, food, car seats & more)
- 55 requests for housing or available housing postings

“This resource group is truly a blessing to all the families in St. Joseph County.”

-DHHS CPS staff, member of SJC Resources Google Group

Front line workers in St. Joseph County can request to join the SJC Resources email group by emailing BrottL@michigan.gov

St. Joseph County Housing Collaborative

The St. Joseph County Human Services Commission (HSC) collaborated with municipalities, chambers of commerce, businesses, developers, and agencies to create a county-wide housing plan to address the lack of housing in St. Joseph County.

The housing plan, completed in 2021, focuses on improving existing housing stock in our county as well as increasing the housing in our community. The St. Joseph County Housing Collaborative committee formed late in the year to start moving the work of the plan forward. The group is currently investigating housing construction and revitalization projects slated for 2022 and forming short term goals.

Drive-Thru Project Connect 2021

Project Connect is a collaboration of the St. Joseph County Human Services Commission, its task forces, and other agencies serving St. Joseph County. The 15th Annual Project Connect was turned into a drive-thru event due to COVID transmission concerns.

2021 Project Connect:

- Served 330 Households.
- 47 agencies providing resource information for: utilities and housing, education, legal aid, health & wellness, addiction recovery, family services, aging adults, employment, and transportation.
- Distributed both fresh food and commodities boxes to all participants.
- 330 Community help cards with phone numbers for agencies distributed.
- Laundry detergent and hygiene packs distributed.
- Vaccinations provided.
- Over 11,000 people reached with resource information through Facebook posts .

Strategic Planning

Much of our strategic plan for 2017-2021 focused on changes internally to strengthen communication within our collaborative as well as communication with other bodies and agencies in SJC. The end result is residents receiving services because both the frontline workers serving them know what is available in our county and residents know how to access these services.

Strategic Plan Items Accomplished in 2021

HSC addressed the lack of housing in St. Joseph County by collaborating with municipalities, chambers of commerce, and agencies to develop a community master housing plan under the guidance of the South Michigan Planning Council. The plan was completed in 2021 and a workgroup formed.

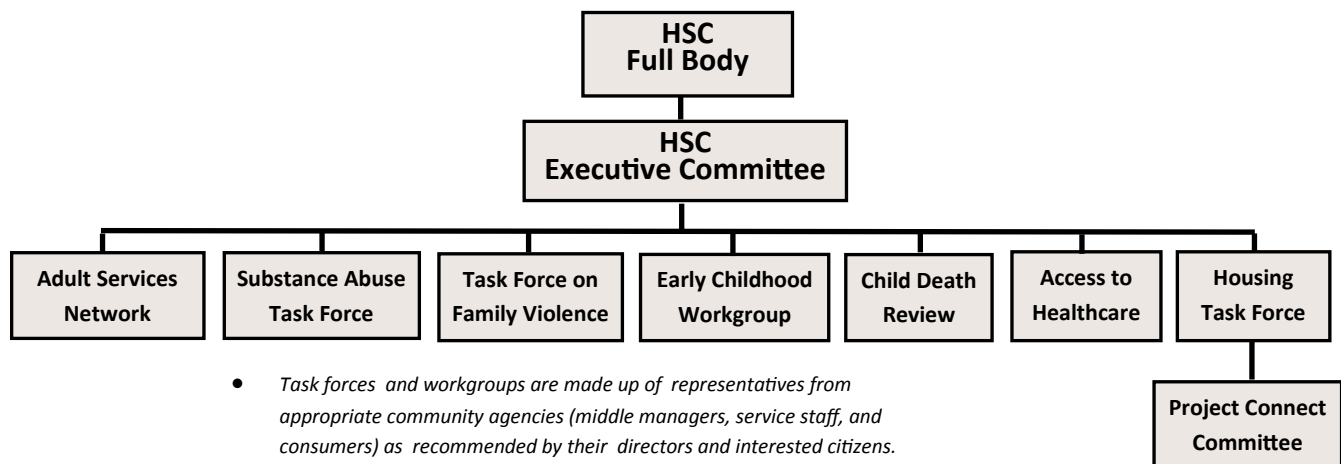

In 2021, the HSC's website of connection tools (including the community resource guide and community help card) along with its Facebook page and SJC Resources Google Group were an integral part of keeping the community informed of service changes and availability during the Pandemic.

Focus for 2022

Housing continues to be a priority. The newly formed Housing Plan work group will start work on the county-wide housing plan. The HSC will also continue to build its network with community groups and marketing its resources website to agency workers and the public, county-wide.

The St. Joseph County Human Services' Strategic Plan for 2022-2025 can be viewed at www.sjchumanservices.com
