

REQUEST TO PROVIDE CIVIL PROCESS SERVICE

Eff. January 2007

Individuals are welcome to inquire about service of civil process.

Primarily most filings received at this court already state who would handle the service. Therefore the court cannot be responsible to guarantee papers for service needs. Individuals are responsible for developing their own clients to receive regular service requests.

In addition, anyone interested in serving for 3B District Court, must file the mandatory minimum bond as required. After receiving the bond verification, a list would be created adding their name to the others who currently serve papers here, if service intentions are not listed on the filings a rotation would begin.
