RE: 2026 & 2027 Fiscal/Calendar Year Budget Message

Dear Commissioners:

In accordance with the Uniform Budget and Accounting Act, attached for your consideration is a proposed budget for calendar year 2026 & 2027. The purpose of this message is to highlight issues and policy factors that influenced the development of the 2026 & 2027 budget recommendation.

General Fund Overview

Revenues

The General Fund budget totals \$24.3 million and requires a tax levy of 4.4863 mills, the maximum allowable after the application of the Headlee Rollback. The total budget for general fund and all special revenue funds is \$54.3 million.

The revenues projected for 2026 & 2027 are the result of ongoing analysis of the current revenues the county receives, the history of those revenues, the current state of the economy, policy changes at other levels of government and numerous other influences. Most departments provide an estimate of the revenues over which they have information or control. These projections may be increased or decreased to ensure accuracy after further review with the department head. The goal of the revenue projection methodology is to make the best effort to incorporate all known factors affecting the County's income. We have focused on budgeting revenues at realistic levels, not underestimating them but also not falling trap to overestimating them, to avoid having to make difficult choices about reducing services if required. Consistent

with current practice, 2026 & 2027 revenues will be monitored closely throughout the year.

Property taxes continue to represent the single largest portion of annual general fund revenues, providing \$12.9 million or 53% of total revenue for the year.

Intergovernmental revenue is the next largest source, providing \$7.4 million or 31% of the total annual revenues. The remaining sources: charges for services, licenses & permits, rents & interests, fines & forfeits, interfund transfers and other revenue.

Taxes

The most significant source of revenue for the general fund is property taxes. Working closely with Equalization Department, we have utilized the best information available to forecast property tax revenue which is projected to increase by approximately 7%. The 2024 apportionment report estimated \$11,946,590 and the 2025 apportionment report estimates an increase to \$12,593,921. General Fund tax revenue budgets were set conservatively based on past collection ratios and were adjusted to reflect a reduction in these estimated revenues to account for delinquencies and board of review changes.

Licenses & Permits

This category is projected to remain consistent; however we are expecting a slight reduction from the 2025 projections.

Intergovernmental

This category remains relatively stable. However, State revenue sharing projections show that St. Joseph County is projected to receive \$7,480,467 in 2026, which is approximately \$441,528 more than anticipated for 2025. St. Joseph County is required to comply with the County Incentive Program to secure the total revenue sharing allocation.

Charges for Service

Revenue in this category is budgeted to decrease slightly over 2025 levels. The Courts, County Clerk, and Register of Deeds are the largest contributors to this revenue center. Each of these categories contain variables that influence the actual collection rate (economy, legislative changes, lawsuits, etc.) and the targets have been established at realistic, yet conservative levels.

Rents & Interest

Revenue from this category is minimal and has been budgeted to remain consistent over expected revenues in 2025.

Transfers In

The 2026 budget includes the following transfers in from other funds: \$254,801 from the Tax Payment Fund (F516) to balance the General Fund Budget's anticipated shortfall; \$20,000 from the Concealed Weapon Permit Fund (F263) which annually supports the County Clerk; \$25,000 from the Forfeiture & Foreclosure Fund (F513) is an annual transfer to support a portion of the Deputy Treasurer position; \$18,000 from the Family Counseling Fund (F215) which annually supports the Friend of the Court; \$28,000 from the Traffic Safety Fund (F232) to support traffic safety technology; \$9,600 from the Law Enforcement Fund (F266) to support administrative costs; \$15,000 from the Register of Deeds Automation Fund (F256) to support the Deputy of Register of Deeds to be full-time.

Expenditures

General Fund expenditures for 2026 & 2027 are proposed at levels that fund current staffing and, in most cases, requested operating levels. The proposed budget is dedicated largely to the continuation of current levels in services.

Recommendations for 2026 funding were \$254,801 more than proposed revenues, with personnel, health insurance and pension costs continuing to be the largest cost categories. After carefully reviewing revenue estimates and making appropriate adjustments, expenditure requests were reviewed and included in this budget. This shortfall was offset by a transfer from the Tax Payment Fund. The tax payment fund is estimated to collect annual administrative and interest fees in excess of \$450,000.

Collective Bargaining Agreements

The current collective bargaining agreements, effective from January 1, 2025, and expiring at the end of 2027, include a 3% annual cost of living increase along with annual step increases.

Capital

A Capital Improvement Program has been instituted county-wide that provides a policy and procedures for the development and approval of the County five (5) year plan for Capital Improvements. Capital requests that are valued at least \$10,000 and will have a use-full life of at least 5 years are now included in the Capital Improvement Program Fund 445.

Contingency

The budget holds an unassigned General Fund balance of \$10.2 million as of December 31, 2024, which represents 42% of the projected 2026 General Fund expenditures of \$24,314,745. This unassigned balance provides flexibility for discretionary use by the Board, with any spending in 2025 affecting the funds available for the following year.

There is a transfer in from the Tax Payment Fund of \$254,801 is budgeted for use in 2026 and \$304,489 in 2027.

Pension Liabilities

St. Joseph County participates in a multi-employer defined benefit program through the Municipal Employees Retirement System of Michigan (MERS). As outlined in the Annual Actuarial Valuation Report dated 12/31/24, the County is at an 82% funding level. In 2013 the County closed the Defined Benefit Plan for the general unit and implemented a hybrid plan for new hires. The goal of the hybrid plan was an aim at decreasing long-term required employer contributions. Similarly, in 2016, the County closed the Sheriff's Department Defined Benefit Plan and opened a new plan for new hires. This plan contains a reduced multiplier and removed the cost of living adjustments (COLA) for pensions. This was an effort to reduce the amount of liability on behalf of the County. Additionally, the County has also been making voluntary contributions to the plan with the goal of paying down the unfunded accrued actuarial liability earlier than would otherwise occur paying only the required annual contribution. This budget continues that practice.

I recognize the complexity of the County Budget and realize that this document will not cover all the questions that arise, and in some instances may lead to additional questions. However, I hope that it is helpful and serves as a useful tool as you go through the 2026 & 2027 Budget review and adoption process.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Teresa Cupp

ORGANIZATIONAL STRUCTURE

Board of Commissioners

The organizational chart illustrates that St. Joseph County government has evolved into a very complex service delivery system. The 2026 Board of Commissioners consists of seven members, each elected on a partisan basis for four-year terms. Each commissioner represents single member districts approximately equal in population. Biennially the Board elects a chairperson and annually elects a vice-chairperson from within its ranks.

Primary responsibilities of the Board include but are not limited to the determination, type, and level of county services. This is normally handled through the budgetary process. In addition, the Board adopts its annual budget, equalizes property values, and provides legislative and policy oversight of all county services either directly or through the appointment of various boards, commissions and county officials.

Judicial

The St. Joseph County Trial Court is made up of the Circuit, Family, and District Divisions. The Trial Court is also responsible for oversight of the activities of the Friend of the Court and Child Care Fund. The Circuit Judge, Family Judge, and District Judges are all elected at large for six-year terms. The Court system operates under the auspices of the Michigan Supreme Court.

Constitutional Officials

Administration of Michigan Counties, including St. Joseph County is divided by the Michigan Constitution among various constitutional and statutory county officials including the County Treasurer, County Clerk/Register of Deeds, Prosecuting Attorney, Drain Commissioner and Sheriff are elected at large for four-year terms.

The Treasurer is the custodian of county funds, collector of county taxes, and disbursing agent for certain tax funds to local communities and school districts. The duties of the County Clerk include keeping and maintaining records of births, deaths, marriages, discharges of military personnel, elections oversight, and serving as Clerk of the Board of Commissioners. The duties of the Register of Deeds include the recording of deeds, mortgages, surveys, recording of plats, notices of liens, and bills of sales. The Prosecuting Attorney prosecutes violations of state criminal law within the county. The County Drain Commissioner administers the location, construction, and maintenance of drains in the county. The Sheriff's duties involve the charge and custody of the County Jail, and law enforcement in unincorporated areas of the county.

Administrative Officials

In addition, the Board of Commissioners appoints the County Administrator with responsibilities as defined by statute, county ordinance, resolution or current policy.

Boards, Commissions and Authorities

The Board of Commissioners also appoints various boards, commissions and authorities to oversee specific county services and to advise the Commissioners on certain matters. Appointments to boards, commissions or authorities overseeing specific county functions include the Board of County Road Commissioners, the Parks and Recreation Board, The Transit Authority, the Commission on Aging, the Building Authority, the Planning & Zoning Board, the Mental Health Authority, the Family Independence Agency Board, and the Board of Public Works. The Board of Commissioners also appoint numerous representatives to regional and or joint bodies overseeing programs in the areas of Area Agency on Aging, and Board of Health.

SCOPE OF THE BUDGET

The budget is a financial plan for the provision of prioritized services. St. Joseph County government provides a variety of community services to its 60,947 residents, both statutory and discretionary. This document presents the annual spending plans for services provided by St. Joseph County government where the St. Joseph County Board of Commissioners has some budgetary or tax levying authority. This includes virtually all county services.

The requirements for budget development and approval, as set forth in Michigan Public Act 621 of 1978, are met and exceeded in this document.

Final audit information on all county operations can be found in the St. Joseph County Comprehensive Financial Report (www.stjosephcountymi.gov). That report provides the financial condition of the county and all its funds at the end of each fiscal year which coincides with the calendar year. This budget contains previous year audited revenue, expenditure, and fund balance data for all operating funds contained herein.

Expenditures in accordance with this budget are authorized by the St. Joseph County Board of Commissioners in adoption of its 2026 & 2027 St. Joseph County Budget and General Appropriations Act Resolution and represents the culmination of a lengthy and deliberative process on the types and levels of county governmental services to be provided.

THE OPERATING BUDGET PROCESS

Submission of Departmental Budget Requests

All departments have a month to prepare the budget information and submit it to County Administration.

Revenue projections and the Budgetary Forecasts for 2026 & 2027

During July, Administration prepares its preliminary estimates of revenues and expenditures for the upcoming fiscal year. The projections are based upon a variety of factors, including: the outcomes of the calendar year just ended; projections of the status of state and federal grants; department head/elected officials' recommendations, cash reserves and interest rate projections; general economic indicators; wage and fringe benefit cost projections; etc. The 2026 General Fund revenue projections are slightly over the 2025 budget.

Preparation of the Administrator's Recommended Budget Document:

After review of the departmental budget requests, the Administrator reviews budgets with departments as necessary for the purpose of better understanding of all the issues related to the departmental budget. Based on this information, the Administrator's Office works to balance the budget in accordance with the overarching guidance and directives from the Board of Commissioners.

Executive Committee Budget Workshop:

The Administrator's recommended budget is formally reviewed by the Board of Commissioners. The Board, as a Committee of the Whole, conducts budget workshops and budget hearings as necessary on each departmental or agency budget. Any changes or modifications are incorporated into the budget by Administration and forwarded on to the Board of Commissioners for consideration.

Budget Adoption by the Board of Commissioners:

The complete operating and capital expenditure plan is recommended by the Committee of the Whole of the Board of Commissioners, along with a proposed General Appropriations Resolution. All are then forwarded to the Board of Commissioners for consideration at a public hearing and formal adoption at the last regular meeting in December.

TYPES OF BUDGETED FUNDS

There are many types of funds used throughout the development, implementation and monitoring of the budgetary process.

The General Fund is the primary focus of the budget process each fiscal year because its money has the least statutory restrictions on it. It also serves as the general-purpose repository for county property taxes, which make up the base revenue for most county services.

Budgets in Special Revenue Funds reflect county activities where a significant portion of revenues come from sources other than the General Fund. Use of these funds is restricted to specific activities. Special Revenue Funds of significant size include Central Dispatch, Parks and Recreation, Child Care Fund and Commission on Aging.

Capital Project Funds account for the purchase of equipment, construction, or development of capital facilities. Some of these budgets were established by a separate resolution. However, as with most capital projects, the majority were established by the enabling appropriations resolution. There is a separate capital budget included in the newly established Capital Improvement Program Fund.

Public Act 621 of 1978, also known as the Uniform Budget and Accounting Act, requires budgets for all General, Special Revenue, and Debt Service Funds, in the County's chart of accounts. It further stipulates that an informational summary must be provided for all capital projects, enterprise, and internal service funds. St. Joseph County establishes budgets for all of these funds which can be found within this document.

We understand that it is a very complex process and that this document, while in accordance with the requirements of the Uniform Budget and Accounting Act, may not provide all of the information that the reader desires. Further information may be obtained by reading the St. Joseph County Annual Financial Report, including Management's Discussion and Analysis (www.stjosephcountymi.gov), by contacting County Administration (269-467-5617) or by contacting any of the Elected Offices or Departments covered within this budget directly.
