Nottawa Creek

JOINING WITH THE ST. JOSEPH RIVER

Great for beginners!

2.6 HOURS TOTAL

Visit StJoeH2O.com for more information

RAWSON'S KING MILL

Need help transporting to and from launch points?
For this river we suggest the following business:

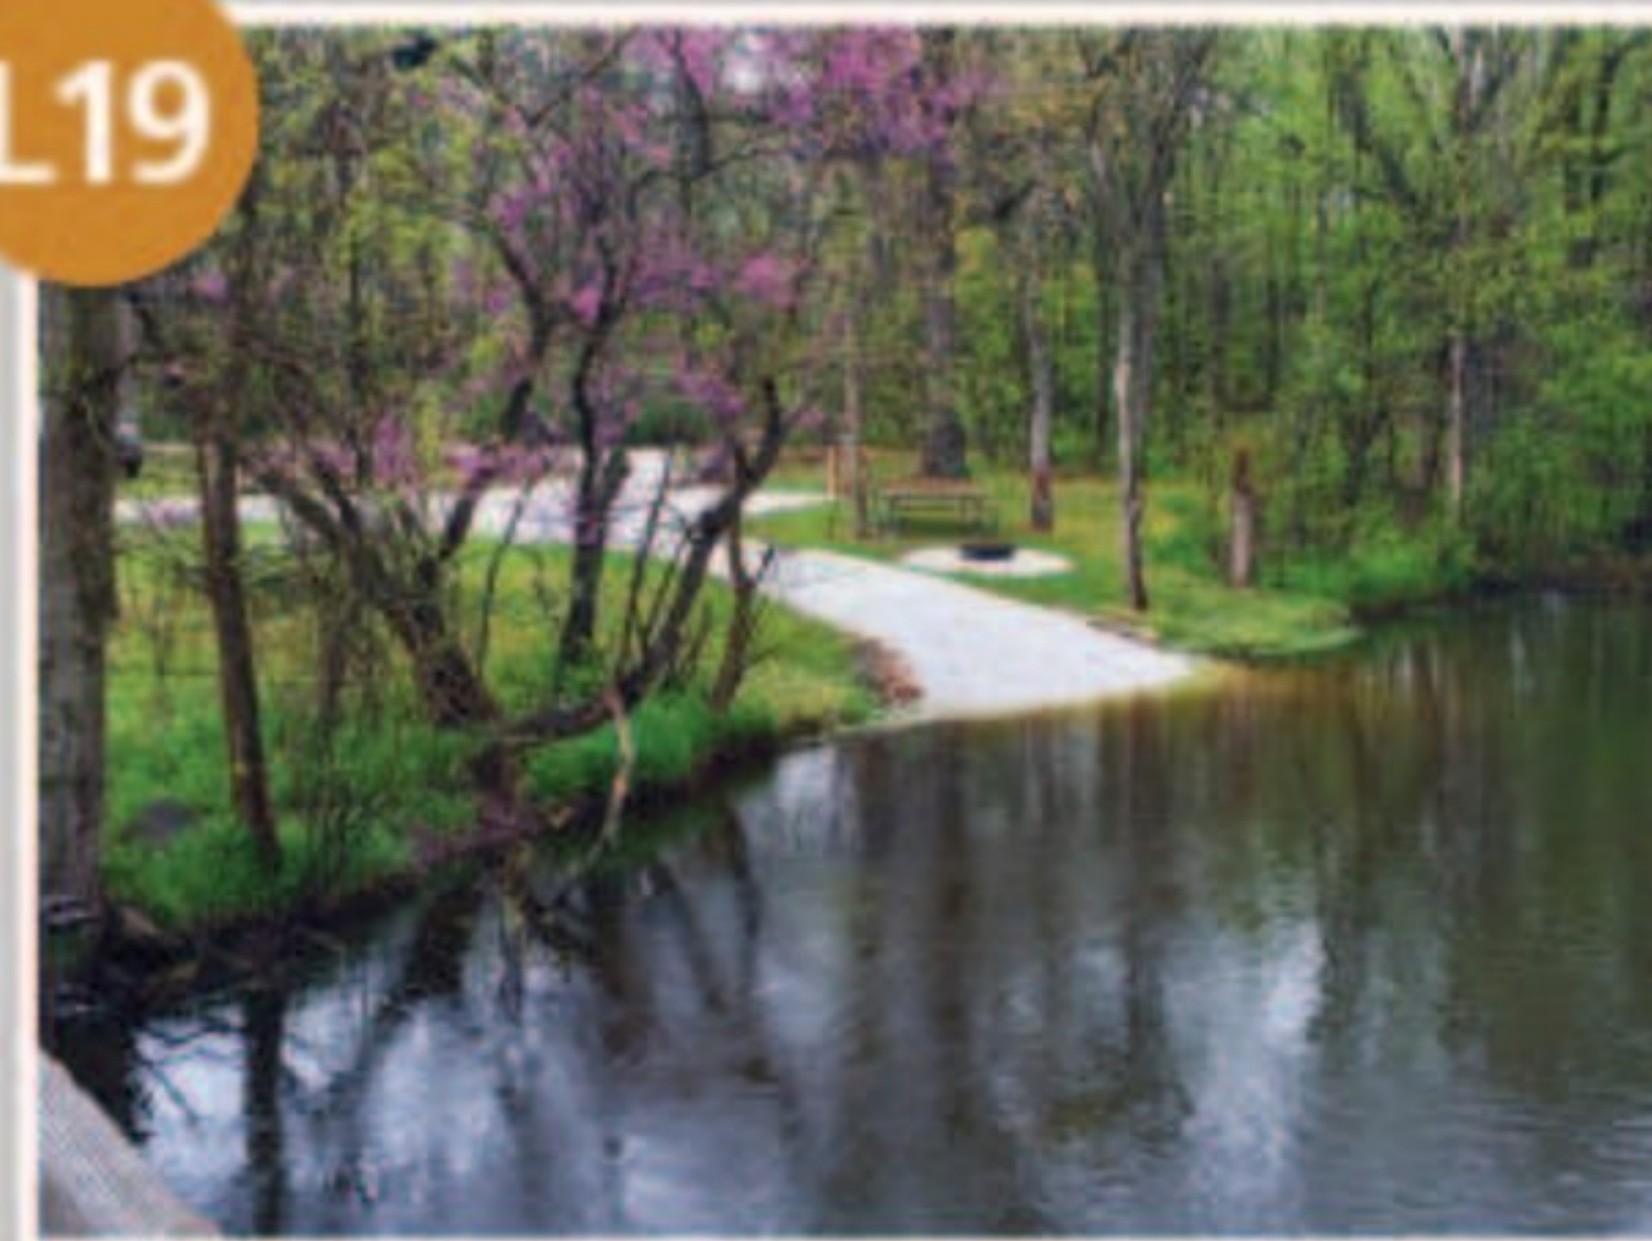

LIQUID THERAPY
THREE RIVERS: 269/273-9000

P14

Rawson's King Mill Park

While there are additional launch points above the dam, we recommend using Rawson's King Mill Park for a starting launch point. There is ample parking, restrooms, and a large park area perfect for having lunch before you begin down Nottawa Creek.

L19

Olney Rd.

Just a mile below the dam, Olney Road is a great place to take a quick break before the 4 mile stretch into Mendon. Also an excellent launch with lot of parking.

P3

Reed Riverside Park

Downtown Mendon, Reed provides a convenient and easy way to exit the St. Joseph River. Close to restaurants and gas stations.
